**Children Entertain.**  
At the spring carnival given by  
the pupils of Miss Estelle Murray  
last night in Carroll Hall, Misses  
Catherine McLeod, Claire Kessler  
and George Frederick Boyd were  
presented with gold medals by Den-  
nis E. Connell because of their ex-  
cellence in dancing. Ten girls in  
a "Bonnie Scotch Lassie" sketch,  
accompanied by Piper George  
Young, entertained.

**GIVES 200 INCHES**  
**OF SKIN FOR SISTER**  
GARY, Ind., March 30.—Leonard  
Conditine, 15 years old, woke this  
morning at the Mercy Hospital in  
Gary and smiled across the hallway  
at his 11-year-old sister, Mary Kath-  
erine, who lay weak, but smiling in  
the cot she has occupied for the past  
six weeks.  
It was only twenty-four hours be-  
fore that Leonard gave 200 inches  
of healthy skin to be grafted on his  
sister who has been suffering from  
burns received when she slipped too  
near a bonfire in the rear of the  
Conditine home.  
The brother seems to suffer no ill  
effects from having the skin re-  
moved from his limbs and Mary  
Katherine greeted the doctor with  
a "good morning," the first word  
she has spoken since she was burned.  
Attending physicians state that  
she has a good chance to recover.

## TO UNITE SHIPPING BOARD OFFICES AS EFFICIENCY STEP

**Benson Order Is Second  
Big Move in Federal  
Retrenchment.**

The second important step in con-  
solidating government bureaus and  
divisions to do away with overlap-  
ping and inefficiency, will be taken  
about May 1, when the scattered  
officials of the United States Ship-  
ping Board are placed under one  
roof by their removal to the new  
Navy Building at Seventeenth and  
B streets, northwest.

This was announced yesterday by  
Admiral Benson, chairman of the  
Shipping Board, who said about \$50-  
900 in rents would be saved to the  
United States Treasury, besides var-  
ious smaller economies.  
Boundary Board Feels A.  
The first step in this direction  
since the beginning of the new ad-  
ministration, was the removal of the  
International Boundary Commission  
from Fifteenth street and New York  
avenue to the buildings occupied by  
the United States Coast and Geodetic  
Survey on Capitol Hill just west of  
the House Office Building and the  
abolishment of the commission-  
ership of the boundary commission,  
announced a week ago.  
Col. Lester Jones, director of the  
Geodetic Survey, who will have  
charge of the Boundary Commission,  
said yesterday the changes have  
been completed and the commission  
is now snugly ensconced under the  
roof of the Survey from which it  
originally sprung. Besides the  
\$5,000 salary of the commissioner  
and about \$1,000 rent, numerous  
smaller economies will result from  
the changes, particularly in printing  
and map-making.

**Means More Efficiency.**  
Admiral Benson said the removal  
of the Shipping Board offices did not  
signalize any consolidation of the  
board with any other department,  
but merely the bringing of the var-  
ious offices into close contact so  
that a higher degree of efficient op-  
eration and a saving in rent may be  
obtained. The offices at present are  
in two buildings at Fourteenth and  
F streets and another at Sixth and  
B streets northwest.  
By the time the new Congress  
convenes, the committees of the  
Senate and House which have been  
working on reorganization, recon-  
struction and budget plans, will be  
ready to report progress on legisla-  
tion looking to strides in govern-  
ment efficiency.

Hundreds of millions of dollars  
will be saved when the new systems  
are in force and the government  
machinery is on a business basis,  
it is said.  
**Mediation Board May Go.**  
Rumors that the United States  
Railway Wage Board, with head-  
quarters in Chicago, would be  
abolished have given rise to much  
current speculation as to what  
would become of the United States  
Board of Mediation and Concilia-  
tion, of which Judge William L.  
Chambers is the head, in that event.  
Judge Chambers said the laws  
which created the various boards  
should be revised, but his position  
prevented him from expressing any  
opinions. In the Department of  
Labor there is a Bureau of Con-  
ciliation which takes care of strike  
troubles in a way very similar to  
that of the Wage Board, while the  
Wage Board is similar to the Board  
of Conciliation, the difference being  
that the Board of Conciliation con-  
fined itself strictly to transporta-  
tion problems, while the Wage Board  
deals with all labor troubles, moving  
when strike troubles arise. The  
Labor Department functions in  
mediating strikes of all trades.

**Wage Board Costs U. S. \$400,000.**  
The Wage Board costs the govern-  
ment some \$400,000 a year, while  
the expenses of the Board of Media-  
tion and Conciliation, of which  
Judge Chambers is the head, costs  
\$35,000 a year and the Bureau of  
Labor Department functions in  
mediating strikes of all trades.  
Judge Chambers has paid a tribute  
to the work of the lesser bureau  
and called attention to the re-  
port of his board which showed the  
settlement of some serious strikes.  
That one and possibly two of the  
mediation units will be done away  
with in the course of the reorgani-  
zation work of Congress is believed  
certain by some of those who are  
working upon the details of the  
many-sided problems arising.

**Mrs. Lansing Writes  
Foreword to Bulletin**  
"Familiarity with the lives, the  
thoughts and the motives of peo-  
ples is essential to a true under-  
standing of them," says Mrs. Robert  
Lansing, chairman of the United  
States Section of the Pan American  
International Women's Committee,  
in the foreword to the initial num-  
ber of the Bulletin just published  
by the Women's Auxiliary Com-  
mittee of the United States Pan Amer-  
ican Scientific Congress.

Prominently featured in the Bul-  
letin are three articles on the activi-  
ties of women by the presidents of  
the National Council of Women of  
Chile, Uruguay, and this country.  
**Canadian Woman Here  
To Visit Playgrounds**  
Mrs. Snider Small, a member of the  
city council of Toronto, Canada, ar-  
rived in Washington yesterday for  
an inspection tour of the local play-  
grounds. Mrs. Small is the guest of  
Mrs. Susan Rogers, supervisor of  
the District playgrounds, while  
in this city.  
Mrs. Small said yesterday that the  
playgrounds of Toronto will be re-  
constructed in the near future, and  
it is her purpose to ascertain how  
the local playgrounds are operated  
before plans are carried out in her  
home city.

**Wife Gets Judgement.**  
Mrs. Olive S. McGraw, former  
wife of John L. McGraw, secured a  
judgment yesterday in Circuit Court  
No. 2 for \$7,629.75 against McGraw  
for his alleged failure to pay her  
in full for a half interest in six  
tracts of land in Paquet County,  
Va., which was held by them as  
joint owners during their married  
life in 1916.

**FEW FOLKS HAVE  
GRAY HAIR NOW**  
Well-Known Local Druggist Says  
Everybody Is Using Old-Time  
Recipe of Sage and  
Sulphur.

Hair that loses its color and lus-  
tre, or when it fades, turns gray,  
dull and lifeless, is caused by a  
lack of sulphur in the hair. Our  
grandmother made up a mixture of  
Sage and Sulphur to keep her  
locks dark and beautiful, and thou-  
sands of women and men who value  
their even color, that beautiful dark  
shade of hair which is so attractive,  
use only this old-time recipe.

Nowadays we get this famous  
mixture improved by the addition  
of other ingredients by asking at  
any drug store for a bottle of  
"Wyeth's Sage and Sulphur Com-  
pound," which darkens the hair so  
naturally, so evenly, that nobody  
can possibly tell it has been ap-  
plied. You just dampen a sponge  
or soft brush with it and draw this  
through your hair, taking one small  
strand at a time. By morning the  
gray hair disappears; but what de-  
lights the ladies with Wyeth's Sage  
and Sulphur Compound is that, be-  
sides beautifully darkening the hair,  
after a few applications, it also  
brings back the gloss and lustre  
and gives it an appearance of  
abundance.

Wyeth's Sage and Sulphur Com-  
pound is a delightful toilet requisite  
to impart color and a youthful ap-  
pearance to the hair. It is not in-  
tended for the cure, mitigation or  
prevention of disease.—Adv.
